PROFESSIONAL EXPERIENCE

Content Creator (Volunteer) – Tech Cierve Fest | Event & Social Media Content

- Created engaging social media content before, during, and after a technology event to support online visibility and audience engagement.
- Documented keynote sessions, workshops, and attendee experiences as part of the event media team.
- Developed creative ideas for digital storytelling across multiple social media platforms.
- Collaborated with the media team to turn live event moments into audience-focused digital content.

Social Media & Content – Winds Production | Creative Media

- Supported social media content and digital communication for a creative media brand covering music, podcasts, and film.
- Developed content ideas and supported audience-facing communication around projects and events.
- Used visual storytelling and short-form content principles to improve the brand's online presentation.

IT Intern – Fan Milk PLC | Technology & IT Support

- Supported the IT department with computer network, technology infrastructure, and daily technical operations.
- Assisted with troubleshooting technical issues and worked alongside experienced IT professionals.
- Developed practical understanding of enterprise technology systems and professional workplace processes.

PERSONAL BRAND & PROJECTS

Big Sister in Tech (Personal Brand) | AI, Technology & Digital Education

- Create educational content that makes AI, technology, and digital marketing easier to understand.
- Design graphics and short-form educational content for a growing social media audience.
- Develop content ideas around technology, career growth, and practical digital skills.
- Use storytelling, clear copy, and audience-focused content to make technical topics accessible.

Real-Time Job Alert & Recommendation System | Academic Project

- Designed and developed an intelligent job recommendation platform using TF-IDF and Cosine Similarity.
- Built with Python and Flask, demonstrating the ability to combine technology with a user-focused problem.
